What We Do

Help When You Need It

Consult in real time with senior risk management attorneys to address difficult ethics and liability issues, including withdrawal, error communication, conflicts, fee disputes, and more. You are entitled to four hours per year of consultation services.

Ethics CLEs

Every lawyer needs ethics CLEs, and we deliver five hours for each insured lawyer. You'll be taught by the same lawyers that provide loss prevention advice and counselling.

Do-It-Yourself

Resources to educate yourself and your firm about basic risk management principles, including multiple forms so that you can assess your own policies and risk profile.

Consultations Protected by Privilege

You will form a confidential attorney-client relationship with experienced risk management counsel. Your conversations are protected by attorney-client privilege. Your insurance company will not know that you've sought advice.

Practice Tools and Templates

Carefully curated and growing library of forms, checklists, links, articles, and other resources that will help protect you and your firm from ever-present and ever-increasing risk

State Resources

Links to every state's Rules of Professional Conduct, Ethics Opinions, and the state bar risk management assistance program, if there is one. Because a second opinion never hurts.
