 A ProAssurance Company

CyberCare[®] Coverage Endorsement

Is your firm protected against cyber-attacks and breaches of confidential information? Client trust is critical to your firm. You must act quickly when breaches occur.

Your LawyerCare policy includes CyberCare coverage that helps cover cyber risks and the cost of a data breach. Each LawyerCare policy includes CyberCare coverage, providing your firm with \$25,000/\$25,000 of cyber risk protection. This \$25,000* policy endorsement includes not only third-party coverage, but also first-party coverage designed for the information threats law firms face.

Your coverage gives you access to:

- **Breach navigator** – a dedicated panel of legal experts that help navigate the breach response process from start to finish.
- **Immediate claims support** – toll-free 24-hour claims reporting and data breach service.
- **I.T. forensics** – technical experts who help determine the source and scope of the breach.
- **Remediation** – credit monitoring, fraud resolution, and identity theft services for breaches involving personally-identifiable information.
- **Reputation protection** – specialists who will assist you in executing a PR campaign to help you protect your firm's identity.
- **Enterprise privacy and confidentiality** – coverage for legal liability arising from data breaches to your firm and any outsourced vendor.
- **Financial support** – coverage for regulatory investigations, fines, and penalties arising from a wrongful act, such as data breaches, computer attacks, or loss of client data.**
- **Computer attacks protection** – coverage for legal liability arising from hackers, viruses, denial of service attacks, etc.
- **Defense assistance** – coverage for legal liability in the event of damage to or loss of a client's electronic data.
- **Prevention techniques** – online cyber risk assessment tools and loss prevention materials.

When a cyber-attack occurs, you don't just receive financial assistance – you receive a rapid response from professionals who know what needs to be done.

* You can choose to purchase a higher limit of \$250,000.

** Coverage may not be available in your state.
